OM3 - Compensatory tree planting should be incorporated into any public open spaces affected by the construction works.

OM5 - Sensitive design and re-provision of the affected areas of Nam Cheong Park incorporating replacement facilities for those provided at present.

OM6 - Reinstatement of levels at planned open spaces allowing adequate structural loading for future flexibility in particular for landform and earth mounding and tree planting works.

DAY 1 WITH MITIGATION

YEAR 10 WITH MITIGATION

NOTE:
This drawing provides the aesthetic impression of the indicative form, size and quality of the architectural and landscaping treatment for the railway structures. The final details of layout, materials and finishes will be subject to detailed development.
