工作小組報告 Reports of the Sub-groups

STT.

跨界基建規劃工作小組 Cross-boundary Infrastructure Planning Sub-group

工作目標及範圍

Ⅰ 作小組的目標是研究可以加快 港、粵兩地人流、貨流通關的具體措 施,從而提升大珠三角作為一個經濟體 的整體營商效率。

工作進度及意見

小組曾討論議題包括改善深港邊境 口岸人流過關效率、放寬貨櫃車「四上 四落」的限制、檢討跨界客車的發牌制 度、推動利用「射頻識別技術」加快貨 物通關等。

經討論後,小組將工作集中於兩項 具體建議,並已和港、粵兩地政府作出 商討。

(1) 沙頭角及文錦渡口岸分階段延長 運作時間

小組建議香港特區及深圳市政府將 沙頭角及文錦渡口岸每天的運作時間分 別從現行的晚上八時及十時延長至午夜 十二時,以方便日益增長的跨界人流、 貨流;但考慮到兩地政府需要增加及調 動人手加以配合,小組提出按以下三階 段逐步實施有關的建議:

 沙頭角口岸先延長運作時間兩小時 至晚上十時;

Objective of the Sub-group

To identify specific measures to speed up passenger and cargo clearance between Hong Kong and Guangdong with a view to enhancing the overall operating efficiency of the GPRD as an economic entity.

Work plan and progress

The Sub-group had discussed a wide range of issues including measures to improve passenger clearance at control points between Shenzhen and Hong Kong, relaxation of the "four-up-four-down" rule for container trucks, review of the licencing system of cross-boundary passenger vehicles, and wider use of Radio Frequency Identification (RFID) to speed up cargo clearance.

Based on their discussions, the Sub-group came up with two concrete proposals and raised them with HKSAR and Guangdong governments.

(1) Extension of Operating Hours of Sha Tau Kok (STK) and Man Kam To (MKT) Control Points on a Progressive Basis

To meet the ever-growing people and cargo flows, the Sub-group proposed that both HKSAR and Shenzhen governments extend the daily operating hours of STK and MKT Control Points to midnight from 8:00 p.m. and 10:00 p.m. respectively. The Sub-group also put forward the view that the proposal be rolled out in the following three stages, having regard to the additional manpower and staff deployment involved:

 Extending the operating hours of STK Control Point for two hours to 10:00 p.m.;

- 晚上十時後,容許持有沙頭角及文 錦渡「封閉道路許可通行證」的私 家車經落馬洲一皇崗口岸過關;
- 沙頭角及文錦渡口岸同時延長運作 時間至午夜十二時。

小組亦同意向兩地政府建議,中、 長期而言,應考慮擴建沙頭角口岸,並 發展至全日二十四小時通關,以應付粵 東地區的發展。

對於延長沙頭角及文錦渡口岸的運 作時間,廣東省方面初步認為,如果 港、粵兩地社會認定有此需要,廣東省 政府會研究作出相應調整。但是,由 於建議涉及口岸人員的配置及設施的改 造,須由粵港兩地政府進一步詳細研究 如何配合運作。

另一方面,香港特區政府從2004年 10月8日起,實施了一項試驗計劃,容 許獲發該兩個管制站的「封閉道路通行 許可證」的私家車在午夜12時至翌日早 上6時30分經由落馬洲管制站過境。政 府表示會研究可否進一步放寬這項試驗 計劃。

(2)「商務旅遊證」

小組建議向中央政府提出,以廣東 省作為試點,向合資格的持外國護照商 人簽發「商務旅遊證」,並設立特別出 入境通道,便利他們往來香港及廣東 營商。根據小組的構思,該「商務旅遊 證」的申請及審批準則,應以「亞太經 合組織商務旅遊證」為藍本,並加以適 當修改,以符合國家對入境旅客的管 理,但卻不應附加太多限制條件。小 組建議,持有「商務旅遊證」的外國 商人,其進出內地的手續及運作,應與 「亞太經合組織商務旅遊證」持有人大 致相同。

- 2. Allowing private cars with Closed Road Permits of STK/MKT Control Point to cross the boundary through Lok Ma Chau/Huanggang (LMC/HG) Control Point after 10:00 p.m.; and
- 3. Extending the operating hours of both STK and MKT Control Points to midnight.

In the medium and longer term, the Sub-group had arrived at the view that both governments should consider carrying out extension work and implementing 24-hour operation at STK Control Point to keep pace with the development of eastern Guangdong.

In its initial response, the Guangdong side stated that necessary adjustments would be considered subject to the needs of Hong Kong and Guangdong. However, as this would entail staff deployment and facility modifications, further deliberations and coordination by both governments were required.

Meanwhile, the HKSAR Government had launched a pilot scheme on 8 October 2004 to allow private cars with Closed Road Permits of the two control points to use LMC Control Point between midnight and 6:30 a.m. The government indicated that they would see whether the scheme could be further extended.

(2) Business Travel Card

The Sub-group put forward the proposal that the Central Government consider introducing a pilot scheme in Guangdong in which business travel cards would be issued and special lanes be designated for eligible businessmen holding foreign passports to facilitate business travel between Hong Kong and Guangdong. The Sub-group held the view that the application and approval criteria of the business travel card, if introduced, could be modelled on the APEC Card with necessary modifications for the control of inbound travellers in line with the established practice in the Mainland. Excessive restrictions should be avoided. It was also proposed that foreign businessmen holding the business travel card would enjoy similar treatment as APEC Card holders when travelling to the Mainland.

廣東省方面指出,涉及中央政府向 外國人簽發進出境證件,現時沒有先例 可援,但他們會把建議向中央有關部門 反映,同時,亦會研究合適的措施,盡 快提升外國人進出粤、港兩地口岸的效 率。

(3) 其他事項

工作小組亦於2005年3月8日與廣東 省有關部門會面,除了跟進上述兩項建 議外,還就開展粵港兩地直昇機服務、 深港西部通道通車後「一地兩檢」的運 作安排、以及興建「東部通道」以加強 粵東與香港的交通連繫,與粵方交換了 意見。

與會各方都認同改善兩地的通關流 程,可以減省企業的成本,有利提升大 珠三角區域的整體競爭力及經濟效益。 粵方表示,會考慮工作小組提出的意 見。此外,粤方指出,他們用「以人為 本」的理念,一直以來不斷進行改革, 同時會採用新的管理模式及科技設施, 使跨境通關更方便。對此,工作小組感 到鼓勵。 The Guangdong side pointed out that there was no precedent for the Central Government to issue such a travelling document to foreigners, but they would forward the proposal to the central authorities concerned for consideration. They would also explore appropriate measures to speed up immigration clearance for foreigners commuting between Hong Kong and Guangdong as soon as practicable.

(3) Other issues

On 8 March 2005, the Sub-group held a meeting with the relevant Guangdong authorities to follow up on the two proposals and exchange views on the commencement of cross-boundary helicopter service, the "co-location" arrangements after the commissioning of the Hong Kong-Shenzhen Western Corridor, and the development of an "eastern corridor" to strengthen the transport link between Hong Kong and eastern Guangdong.

The meeting agreed that smoother clearance arrangements would lower the operating costs for enterprises, thereby enhancing the overall competitiveness and economic efficiency of the GPRD region. The Guangdong side undertook to consider the Sub-group's proposals. The Sub-group was pleased to learn that the Guangdong side, with travellers' interest in mind, had been taking actions to facilitate clearance at control points, and that new management systems and technological facilities would be put in place to give greater convenience to cross-boundary travellers.

未來工作

工作小組將會與粵、港兩地政府的 相關部門,就已提出的建議繼續商討, 並會開展新的研究課題,其中包括加強 運用電子報關以提升通關效率、統一內 地口岸各部門的運作時間及減少跨境客 車的通關限制等。

結語

粤港兩地經貿關係密不可分,要進 一步提升大珠三角地區的競爭力,改善 跨境人流物流效率是其中之先決條件。 由於各種因素,包括可擴展用地空間、 跨境交通量升幅大且急等,我們都理解 改善跨境基建並非一蹴即就的工作。然 而,我們深信,粵港兩地經濟互惠互 利,信念一致,當可加快完善跨境通關 設施和政策,以進一步促進兩地的經 貿、旅遊等聯繫。

Future plan

The Sub-group will continue to work with the relevant HKSAR and Guangdong authorities on the above proposals and embark on study on other new topics, including the wider application of electronic submission of manifests to enhance clearance efficiency, standardisation of the operating hours of various departments at inland control points and relaxation of clearance restrictions for cross-boundary passenger vehicles.

Conclusion

Hong Kong and Guangdong are integrated inextricably in their economic and trade activities. One of the prerequisites of further enhancing the competitiveness of the GPRD region is to improve the efficiency of cross-boundary passenger and cargo flows. We appreciate that improvements to cross-boundary infrastructure cannot be achieved overnight owing to multi-faceted factors such as the availability of land for expansion and the rapid surge of cross-boundary traffic volume. Nevertheless, we firmly believe that Hong Kong and Guangdong, based on mutual economic benefits and a shared vision, will certainly expedite the enhancement of cross-boundary facilities and refinement of relevant policies to forge closer ties in trade, economic and tourism activities.
