OTHER SPECIFIED USES (cont'd)

For "Mixed Use" only (cont'd)

In addition, the following uses are always permitted (a) on the lowest three floors of a building, taken to include basements; or (b) in the purpose-designed non-residential portion of a building, both excluding floors containing wholly or mainly car parking, loading/unloading bays and/or plant room:

Eating Place
Educational Institution
Institutional Use (not elsewhere specified)
Off-course Betting Centre
Place of Entertainment
Place of Recreation, Sports or Culture
Public Convenience
Recyclable Collection Centre
Religious Institution
School
Training Centre

Planning Intention

This zone is intended primarily for mixed non-industrial land uses. Flexibility for the development/redevelopment/conversion of residential or other uses, or a combination of various types of compatible uses including commercial, residential, educational, cultural, recreational and entertainment uses, either vertically within a building or horizontally over a spatial area, is allowed to meet changing market needs. Physical segregation has to be provided between the non-residential and residential portions within a new/converted building to prevent non-residential uses from causing nuisance to the residents. Some commercial uses are always permitted in an existing mixed-use building before its redevelopment/conversion.

Remarks

- (a) No new development, or addition, alteration and/or modification to or redevelopment of an existing building shall result in a total development and/or redevelopment in excess of a maximum domestic plot ratio/gross floor area of [xxxxx] and a total plot ratio/gross floor area of [xxxxx], and a maximum building height of [xxxxx], or the plot ratio/gross floor area and height of the existing building, whichever is the greater*.
- (b) For a building that is partly domestic and partly non-domestic, the plot ratio for the domestic part of the building shall not exceed the product of the difference between the maximum permitted non-domestic plot ratio for the building and the actual non-domestic plot ratio proposed for the building and the maximum permitted domestic plot ratio for the building divided by the maximum permitted non-domestic plot ratio for the building.+

- (c) Based on the individual merits of a development or redevelopment proposal, minor relaxation of the *plot ratio/gross floor area** and building height restriction(s) stated in paragraph (a) above may be considered by the Town Planning Board on application under section 16 of the Town Planning Ordinance.*

- (d) Upon development/redevelopment/conversion of a building to a mixed use development, the residential and non-residential portions within a building shall be physically segregated through appropriate building design. The provision of residential and non-residential uses on the same floor will not be permitted. Under exceptional circumstances, relaxation of the requirement for physical segregation and no inter-mixing on the same floor may be considered by the Town Planning Board on application under section 16 of the Town Planning Ordinance.

**Remarks (a) and (c), and remarks in italics to be added where appropriate.*

+Remarks (b) to be added only when plot ratio restrictions are imposed.
